

## Job description

River Cities Interventional Pain Specialists is currently looking for a Physician Assistant to join our growing independent specialty practice. Our team of providers and staff is focused on delivering quality healthcare while demonstrating the highest standards of pride, service, and compassion. Our ideal candidate is an outstanding communicator and problem-solver who is able to recognize patient needs and prioritize treatment with physicians and clinical staff. This individual will perform physical exams, obtain patient medical histories, order tests, create treatment plans, and counsel patients on matters regarding their health. If you are an individual who embraces the challenge of making a positive difference in your patients' lives and are committed to providing exceptional care, we invite you to apply.

### RESPONSIBILITIES

- 1) Works under the supervision of Medical Director and in collaboration with two (2) additional mid-level providers.
- 2) Provides follow-up evaluation and management care to established patients in a medical clinic, under direction of the supervising physician.
- 3) Performs physical examinations and preventive health measures within the scope of the nurse practitioner's practice agreement.
- 4) Orders, interprets, and evaluates diagnostic tests to identify and assess patient's clinical problems and health care needs.
- 5) Records physical findings and formulates plan and prognosis, based on patient's condition.
- 6) Discusses case with physician and other health professionals and assists in preparing a comprehensive patient care plan.
- 7) Submits health care plan and goals of individual patients for periodic review and evaluation by physician.
- 8) Prescribes or recommends drugs or other forms of treatment such as physical therapy, inhalation therapy, or related therapeutic procedures.
- 9) Refers patients to physician for consultation or to specialized health resources for treatment.

### KNOWLEDGE, SKILLS, AND ABILITIES

- Knowledge of anatomy, physiology, pathology, and procedural techniques.
- Ability to multi-task and work in a fast-paced, team-oriented environment.
- Analytical thinking skills with the ability to investigate and diagnose.
- Competence with technology and ability to use various tools in a clinical setting.
- Excellent communication and customer service skills.
- Passion for providing outstanding patient care with empathy and compassion.

### EDUCATION/EXPERIENCE REQUIRED

- Complies with state and federal laws.
- Current unencumbered LA license.
- Prior EHR experience required.
- BLS/ACLS certification preferred.
- Full understanding of healthcare compliance and regulations including HIPPA and OSHA.

### Benefits

- Medical Insurance
- Dental Insurance

## Physician Assistant

- Vision Insurance
- 401K
- PTO
- Professional Development/CEU Reimbursement
